Product Description

BPA Free Dishwasher Safe Ice Cube Tray Temperature Range -40°F To 230°F For Making Cocktail

Product Description:

Ice Cube Tray is an essential kitchen tool for making and organizing cubes of ice. It is commonly used for making whiskey, cocktails, and other drinks. It is also an ideal ice cube organizer, making it easy to store and use the cubes. It comes in a variety of sizes, from small to large, and the number of cavities can range from 6 to 60, allowing you to make a variety of shapes and sizes. The tray is also made of non-stick material, making it easy to remove the cubes after they have frozen. Additionally, some models are dishwasher safe and microwave safe, making them even more convenient for everyday use. With an Ice Cube Tray, you can easily make and store cubes for all your favorite drinks.
